The Small Print

We normally require 3-5 business days to complete a print order. Prompt printing services are available

20% premium for guaranteed next business day pickup

25% premium for guaranteed same day pickup.

Client Approved test prints are valid for 30 days. After 30 days we cannot guarantee exact copies due to slight variations in the manufacturers products we use (ie papers and inks).

The submission of original works in the form of film, print artwork, electronic files, or other media constitutes an agreement by the client that in the event of loss or damage, The Digital Darkroom's liability is limited to the original cost of raw materials involved.

To ensure the best possible result it is best to supply us with tif or psd files without layers in an RGB colour space, correctly sized by the client prior to submission ideally at 300 dpi or above.

All work remains the property of The Digital Darkroom Limited until paid for in full. The Digital Darkroom Limited reserves the right to sell uncollected work to recover costs

*cockling: Paper wrinkling due to heavy inking

Hahnemühle Photo Rag Matt 308gsm

Photo Rag® – a white, 100% cotton paper with a smooth surface texture – guarantees archival standards. With its premium matt inkjet coating Photo Rag® meets the highest industry standards regarding density, colour gamut, colour graduation and image sharpness while preserving the special touch and feel of genuine art paper.

Hahnemühle Photo Rag Pearl 308gsm

Photo Rag® Pearl – a natural white, 100% cotton paper – guarantees archival standards. With its premium pearl inkjet coating Photo Rag® Pearl meets the highest industry standards regarding density, colour gamut, colour graduation and image sharpness while preserving the special touch and feel of genuine art paper.

Hahnemühle Photo Rag Matt 188gsm

Photo Rag® – a white, 100% cotton paper with a smooth surface texture – guarantees archival standards. With its premium matt inkjet coating Photo Rag® meets the highest industry standards regarding density, colour gamut, colour graduation and image sharpness while preserving the special touch and feel of genuine art paper.

Sihl Photo Canvas 320gsm (Stretched)

A single side coated matt photo canvas made out of a 1:1 structured cotton/polyester blend. It's low and uniform structure is optimised for photographic and portrait applications. The smooth structure allows a very uniform rendering of skintones and colour areas.

Ilford Galerie Smooth Gloss 310gsm

GALERIE Prestige Smooth Gloss paper features the very latest HDR (High Dynamic Range) optically clear nanoporous coating and coupled with recent advancements in nanoporous inkjet receiving layer design, makes this the reference media for producing images with superb clarity, high sharpness and excellent colour gamut.

The high-density, resin coated heavyweight base and smooth gloss finish creates the look and feel of a superior photographic print. With the added benefit of being "touch dry" from the printer, this gloss media is the "choice of professionals".

Ilford Galerie Smooth Pearl 310gsm

GALERIE Prestige Smooth Pearl paper features the very latest HDR (High Dynamic Range) optically clear nanoporous coating and coupled with recent advancements in nanoporous inkjet receiving layer design, makes this the reference media for producing images with superb clarity, high sharpness and excellent colour gamut.

The high-density, resin coated heavyweight base and smooth pearl finish not only eliminate glare and fingerprints but with its natural photographic white tint, produce prints with the true look and feel of a photograph. For outstanding imaging performance, combined with the benefit of "touch dry" from the printer, this pearl surface media is the "choice of professionals".

Monster 210gsm (Jetpro Matt)

Bright white cockling* free barrier paper for posters, graphic images, advertising and indoor signage.
